

The Stick Person Model

One picture that shows how your mind creates your results.

STICKPERSON PART 4 RESULTS

♦ WHAT YOU NEED TO KNOW ♦

- ♦ The Stick Person is a simple picture of how your mind works: **conscious mind**, **subconscious mind**, **body**, and **results**.
- ♦ Information reaches you through your 5 senses.
- ♦ Some of what's inside you, you were born with. The rest was added in early childhood and by your culture.
- ♦ Your conscious mind takes in new information — but it's your **subconscious mind** that actually drives your body and your results.
